AZ CORP COMMISSION
DOCKET CONTROL TIME/DATE PREPARED: August 11, 2010

COMPANY: Tucson Electric Power

AGENDA ITEM NO. 8

DOCKET NO. E-01933A-10-0278

OPEN MEETING DATE: 8-12-10

Page 5, line 10 through line 12, DELETE Finding of Fact No. 26:

“Staff recognizes that some customers may have signed up since July 7th, expecting the \$2.25 per watt incentive level TEP has proposed, but Staff believes that the lower incentive levels are justified given market conditions.”

REPLACE with new Finding of Fact No. 26:

“The Commission is concerned about residential customers who were ready to submit applications prior to July 8, 2010, at the previous incentive levels but had not submitted applications until July 2 or after. The problem is that approving the full incentives for all future applications will exhaust the remaining incentive funds before year end. However, given the industry expectation of the \$2.25 per watt incentive level TEP proposed, we believe it is fair to both customers and the industry to allow applications submitted to TEP between July 8, 2010 and August 11, 2010, to be paid at the proposed \$2.25 per watt incentive level.”

Page 6, line 23, INSERT New Finding of Fact No. 30:

“We agree with Staff except that the incentive level for all applications submitted by residential customers after August 11, 2010, shall be paid at \$2.00 per watt for the remainder of 2010.”
